We're The Ones

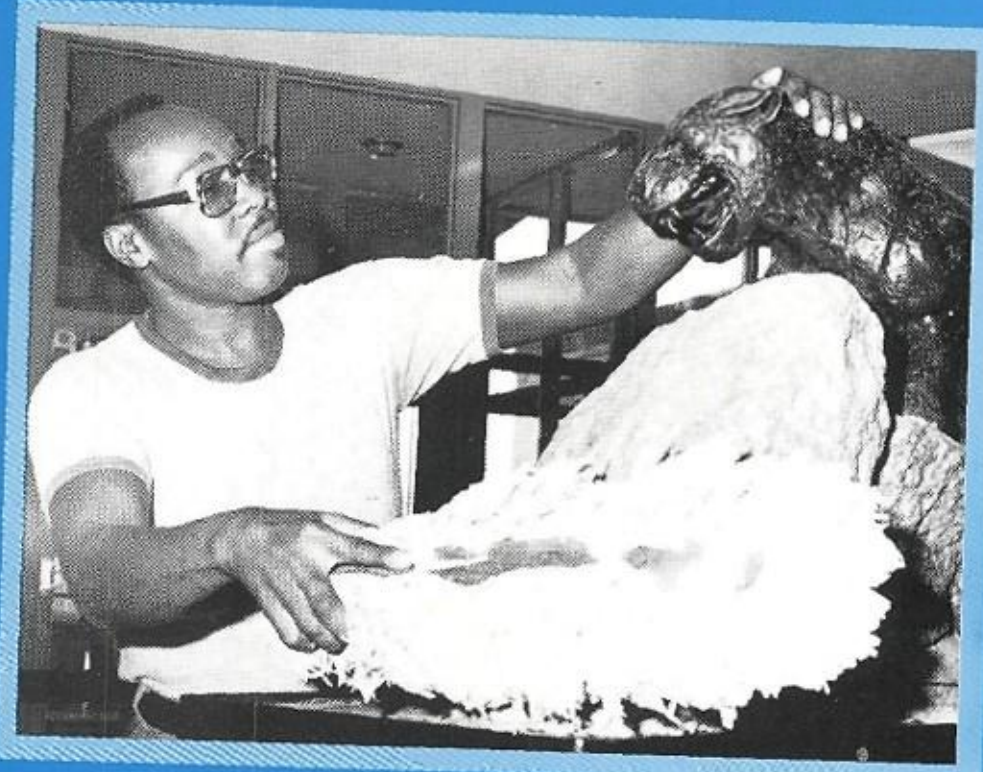

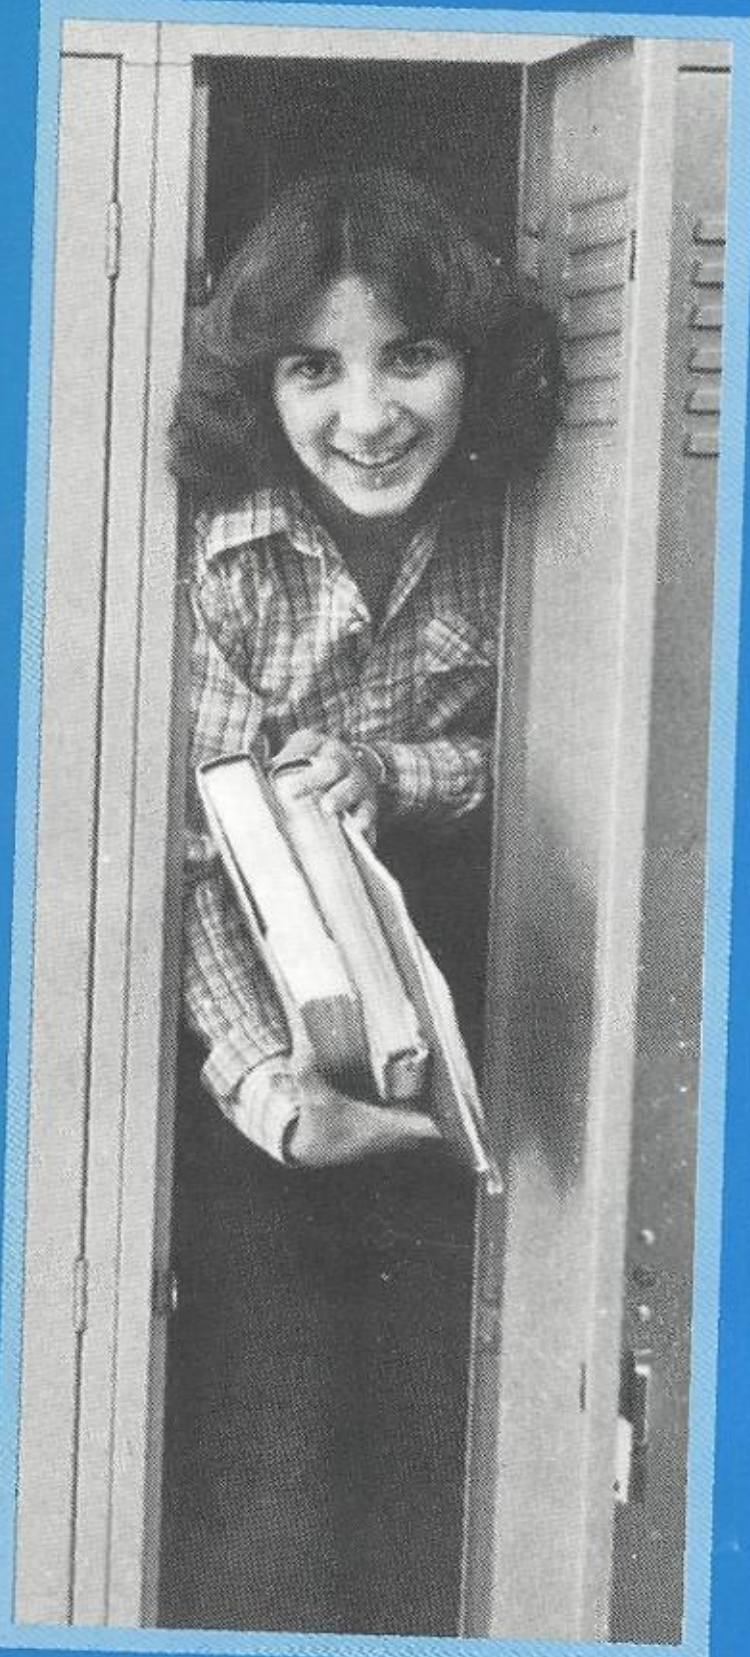

We're the ones — the ones called Mojo, the ones who, since 1959, have inherited the magic, the enthusiasm and the spirit from the symbolic Panther.

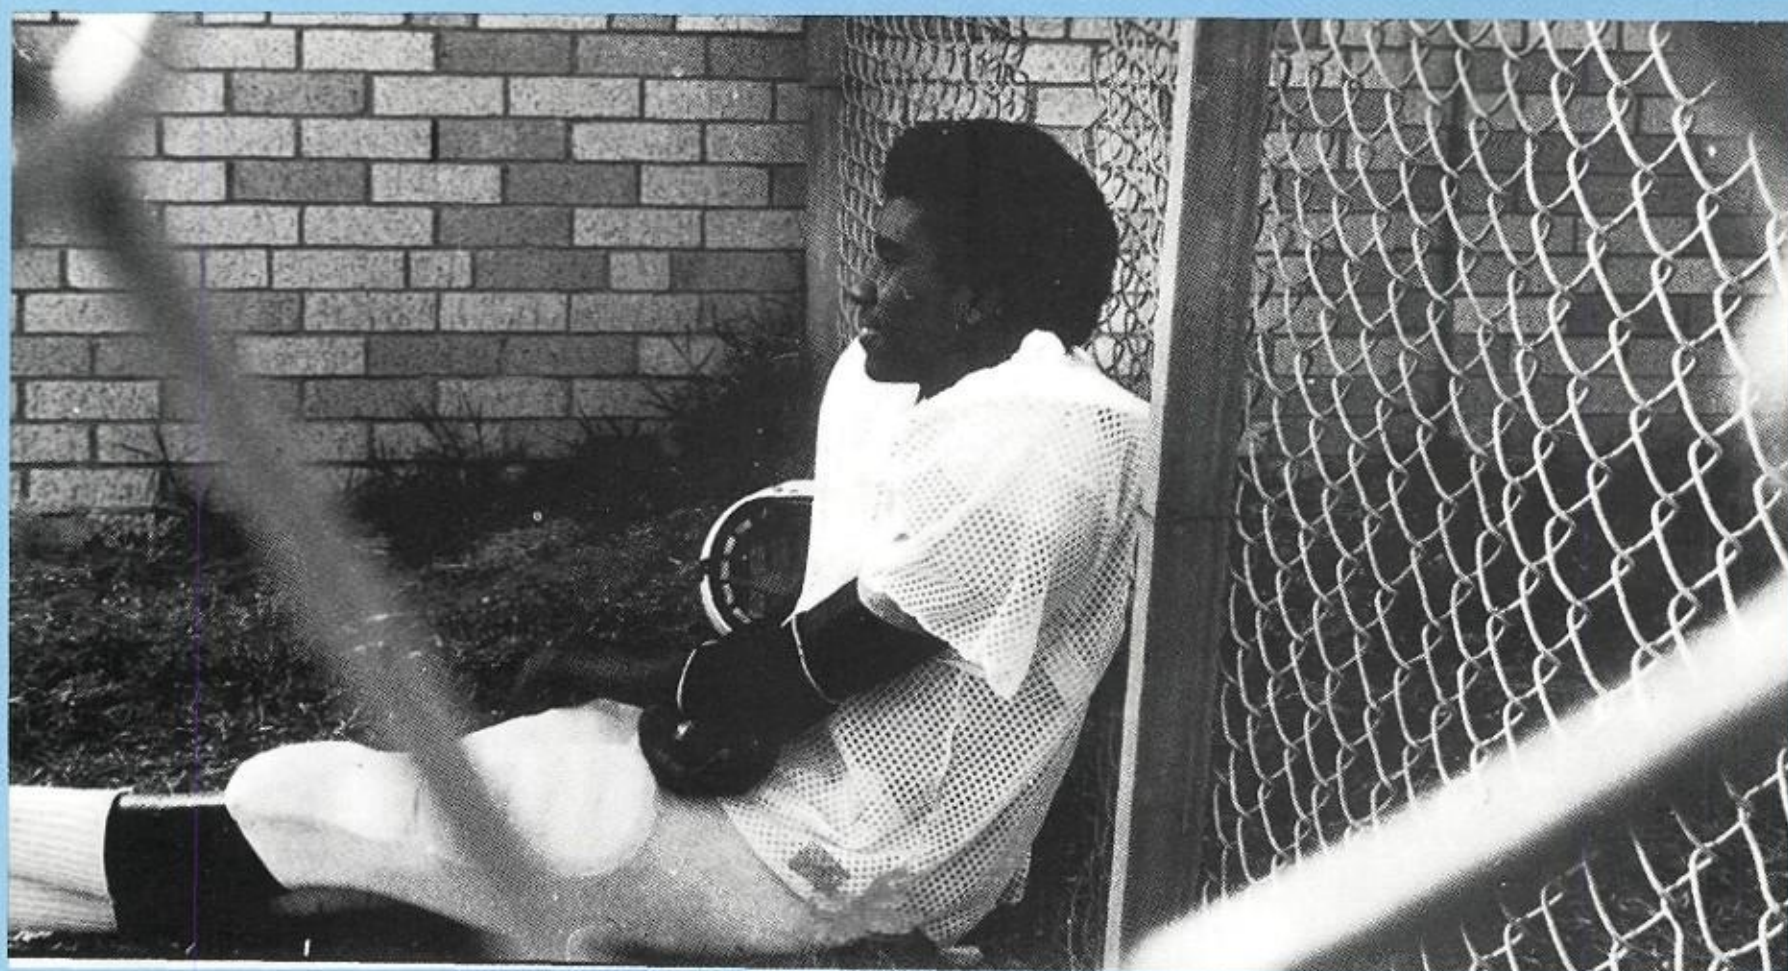

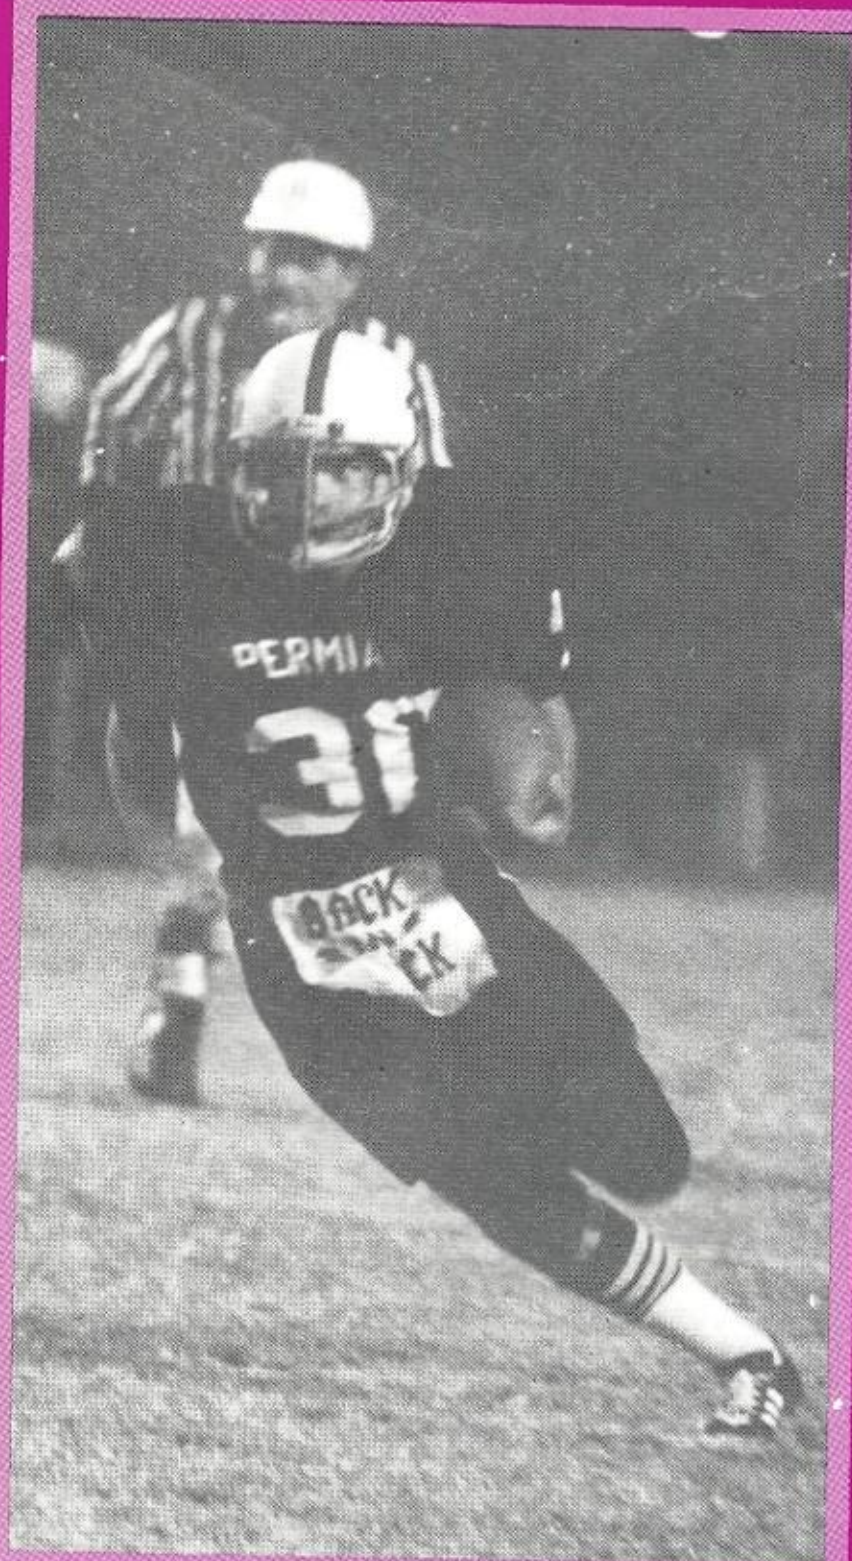

The ones who will
remember our
friends, teachers and
companions, from
Permian High School.

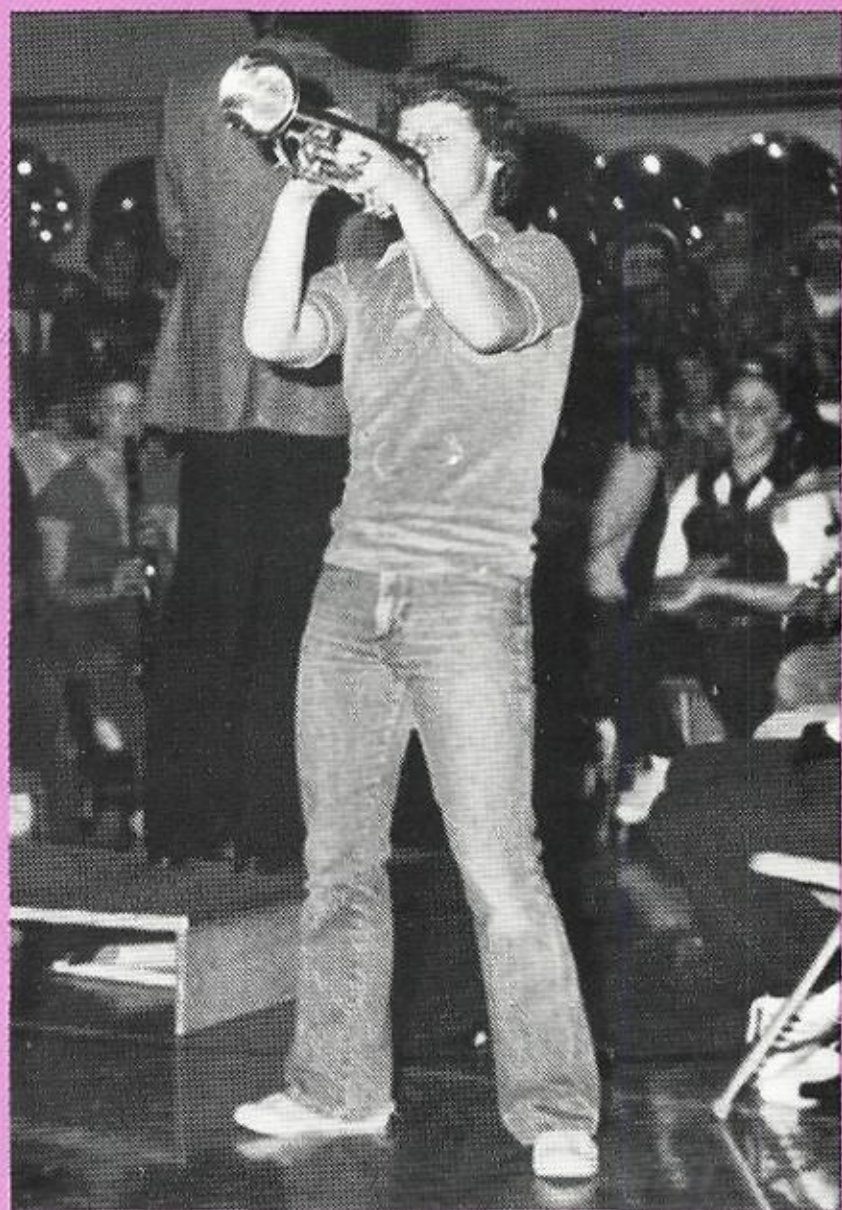

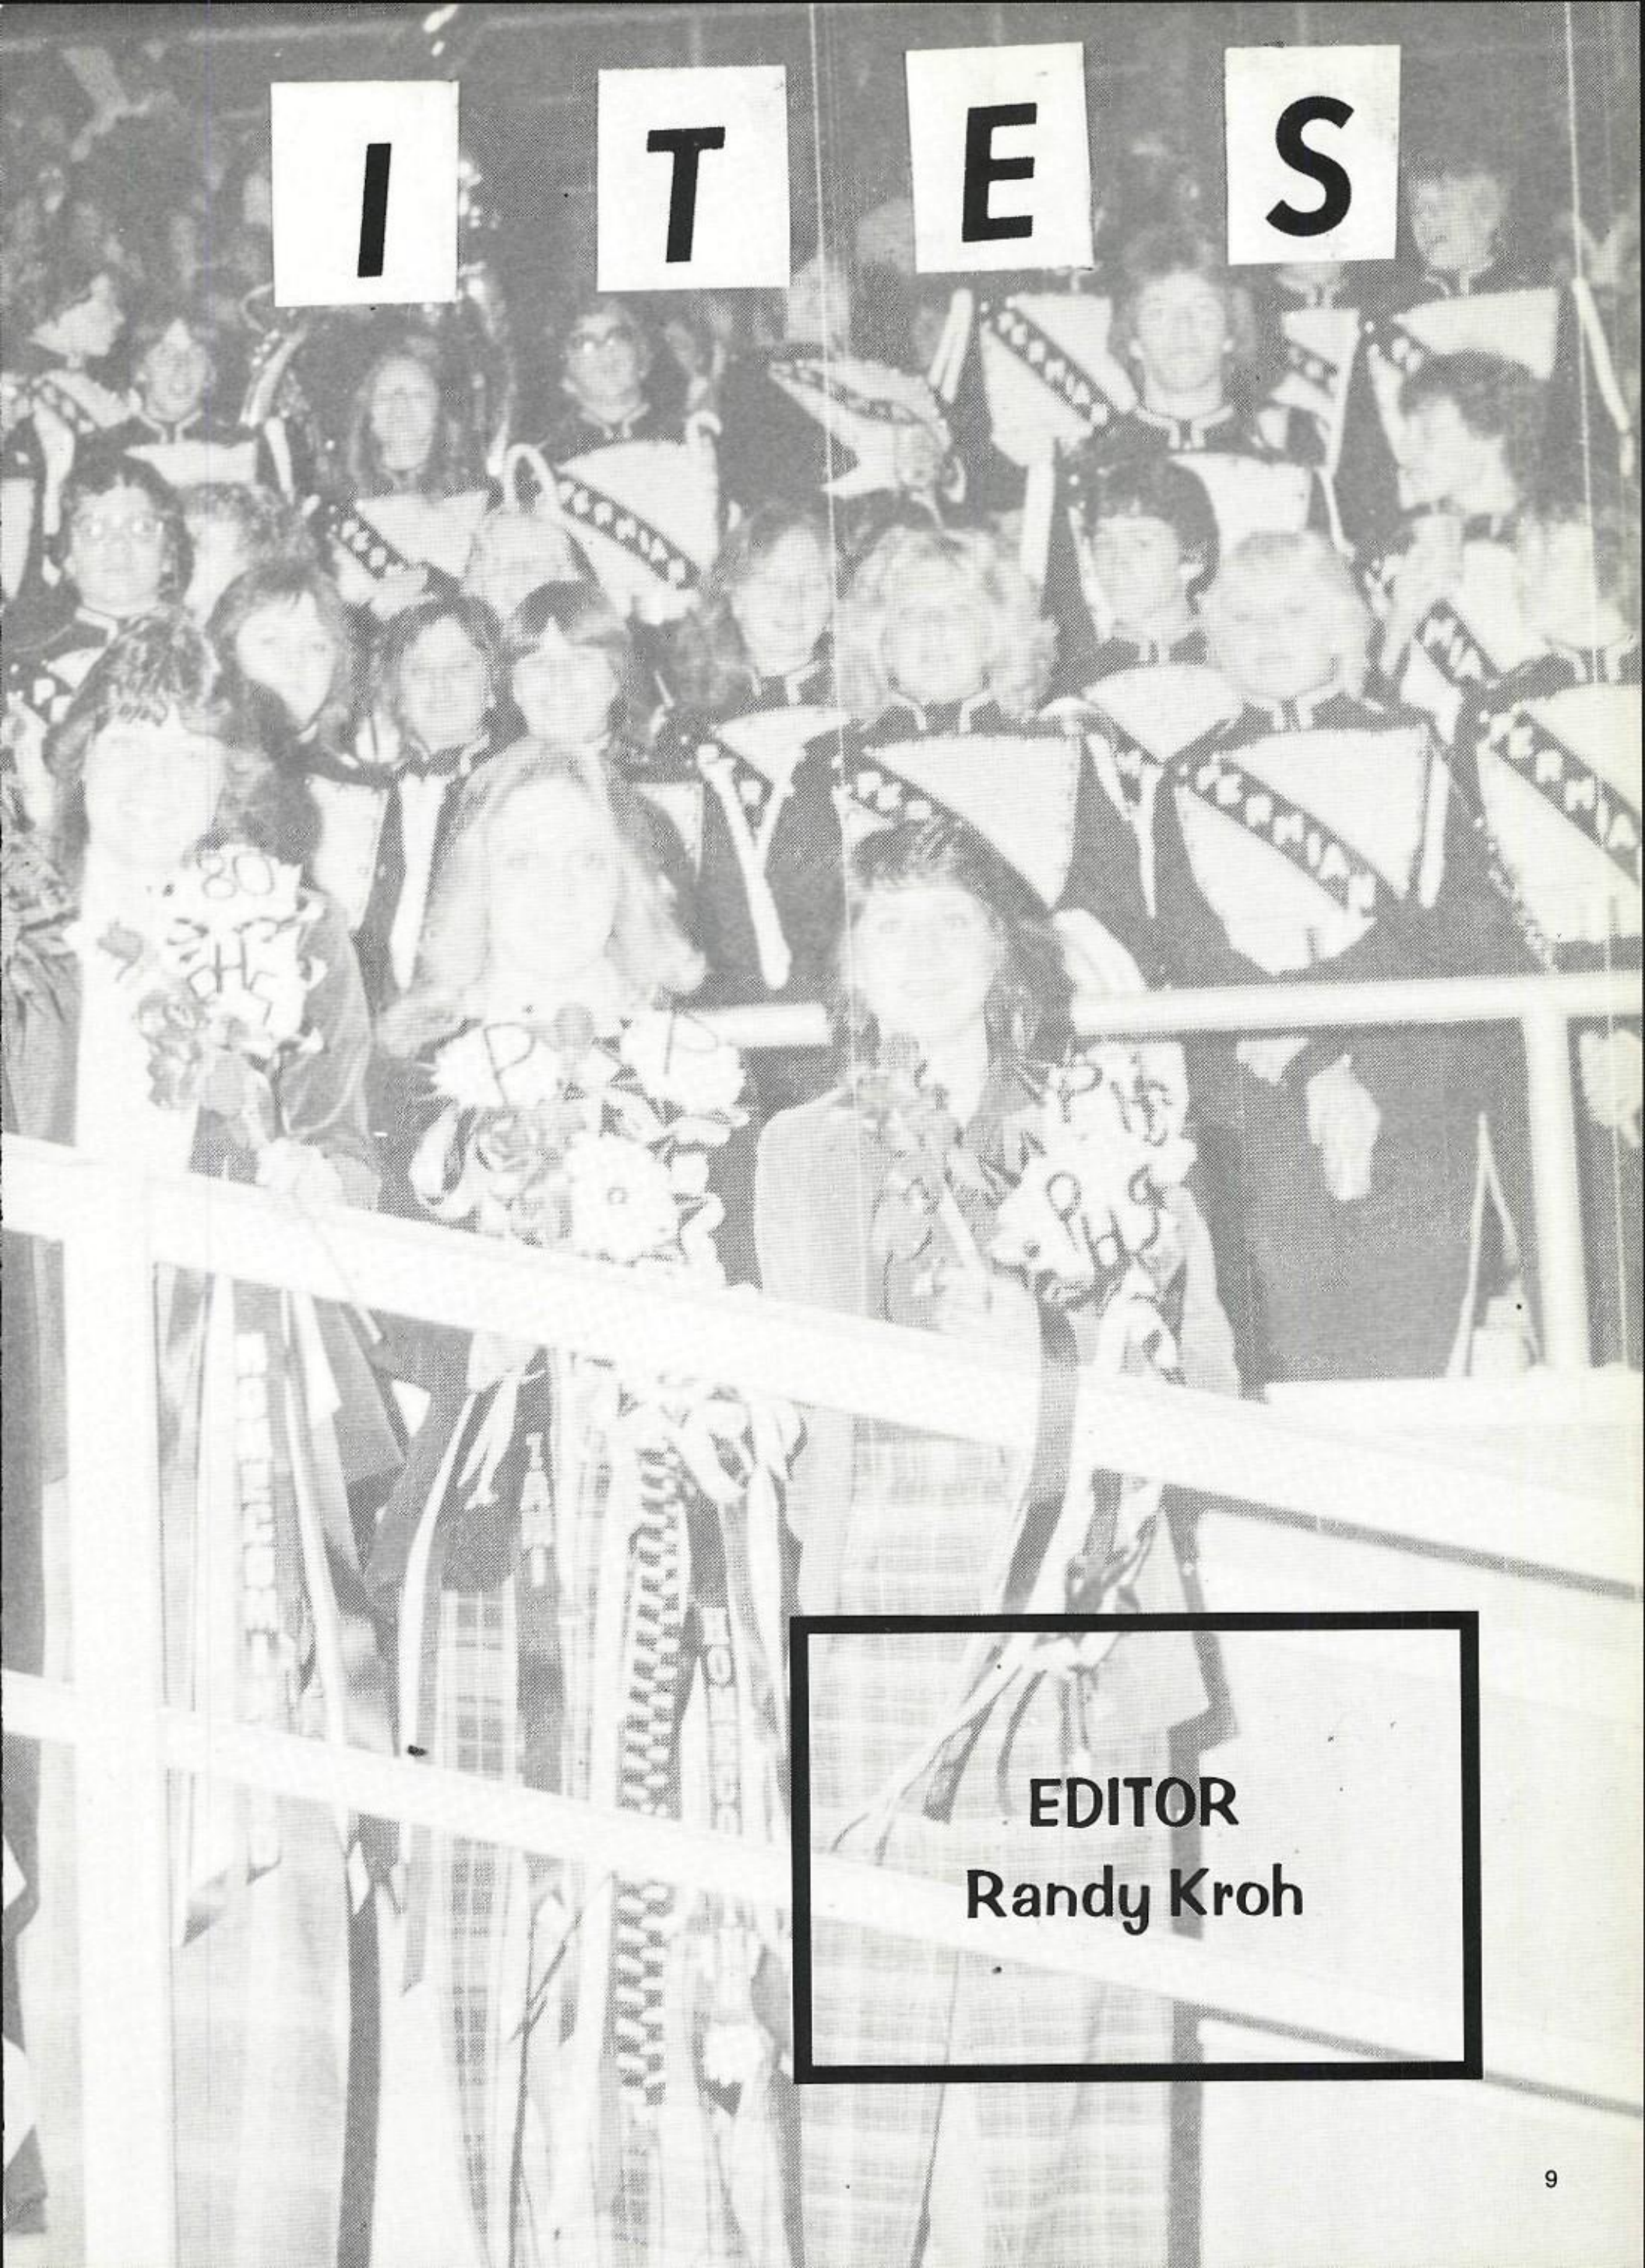

The ones who take pride in our traditions, our athletes, our honored choirs, band, orchestra, and the support from our parents and community.

FOR WE ARE THE ONES

Five Permian Seniors were chosen as National Merit Semi-Finalists in the Merit Scholarship Competition. Their scores are ranked among the top half of one percent of the state's high school senior class. Over one million students entered the program by taking the PSAT/NMSQT in 1979 when they were juniors. By matching their test scores on the SAT college entrance exam, and the school's recommendation, they became finalists. These scholars represent our academic interest and educational opportunities in Permian High.

Left to Right: Dean Willis, Shawn Sedate, Greg Speegle and Gerald Higdon. Not Shown: Brent Jatko.

VOLLEYBALL

BECAUSE WE KNOW

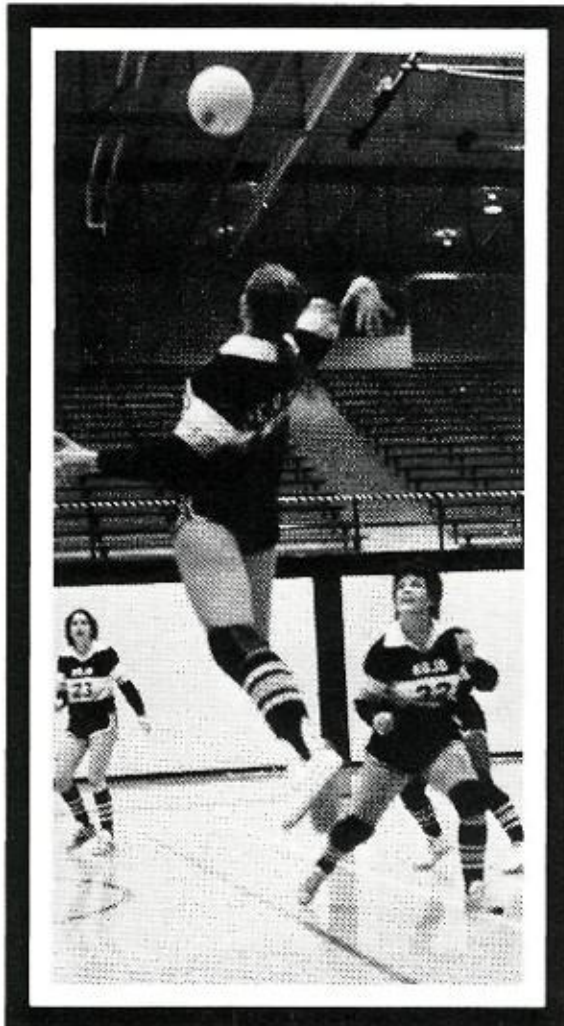

While volleyball at PHS has not been as popular as some of the other sports, it does have a large following of its own. This is due partly to the excitement and action involved in the game, but mainly it is due to the fact that Mojo's volleyball team is one of the best in the state.

BASKETBALL

TO PERMIAN

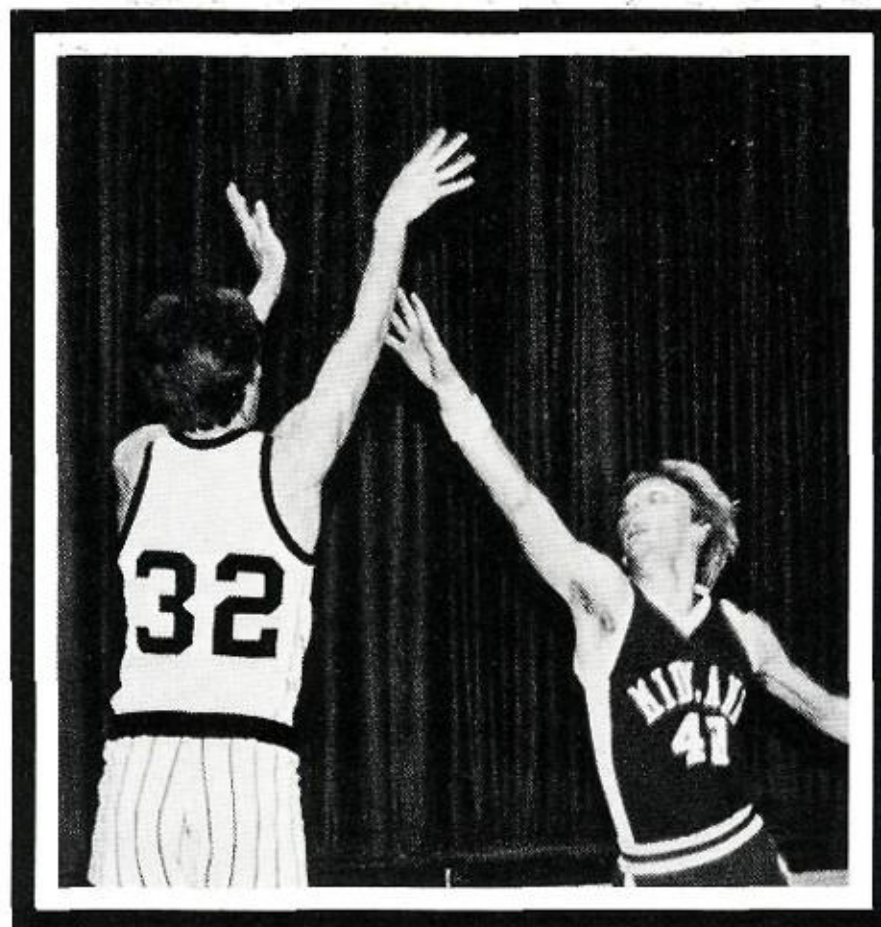

Kenneth Armstrong says, "If I say this ball is going in, it's going in!"

In Permian High School, athletics have always played a dominant role in extra-curricular activities. In the past, football has always been considered the main sport. But in recent years, basketball for Mojo fans has become more than just the sport that comes after football. After last year's successful season, Permian basketball has become an obsession.

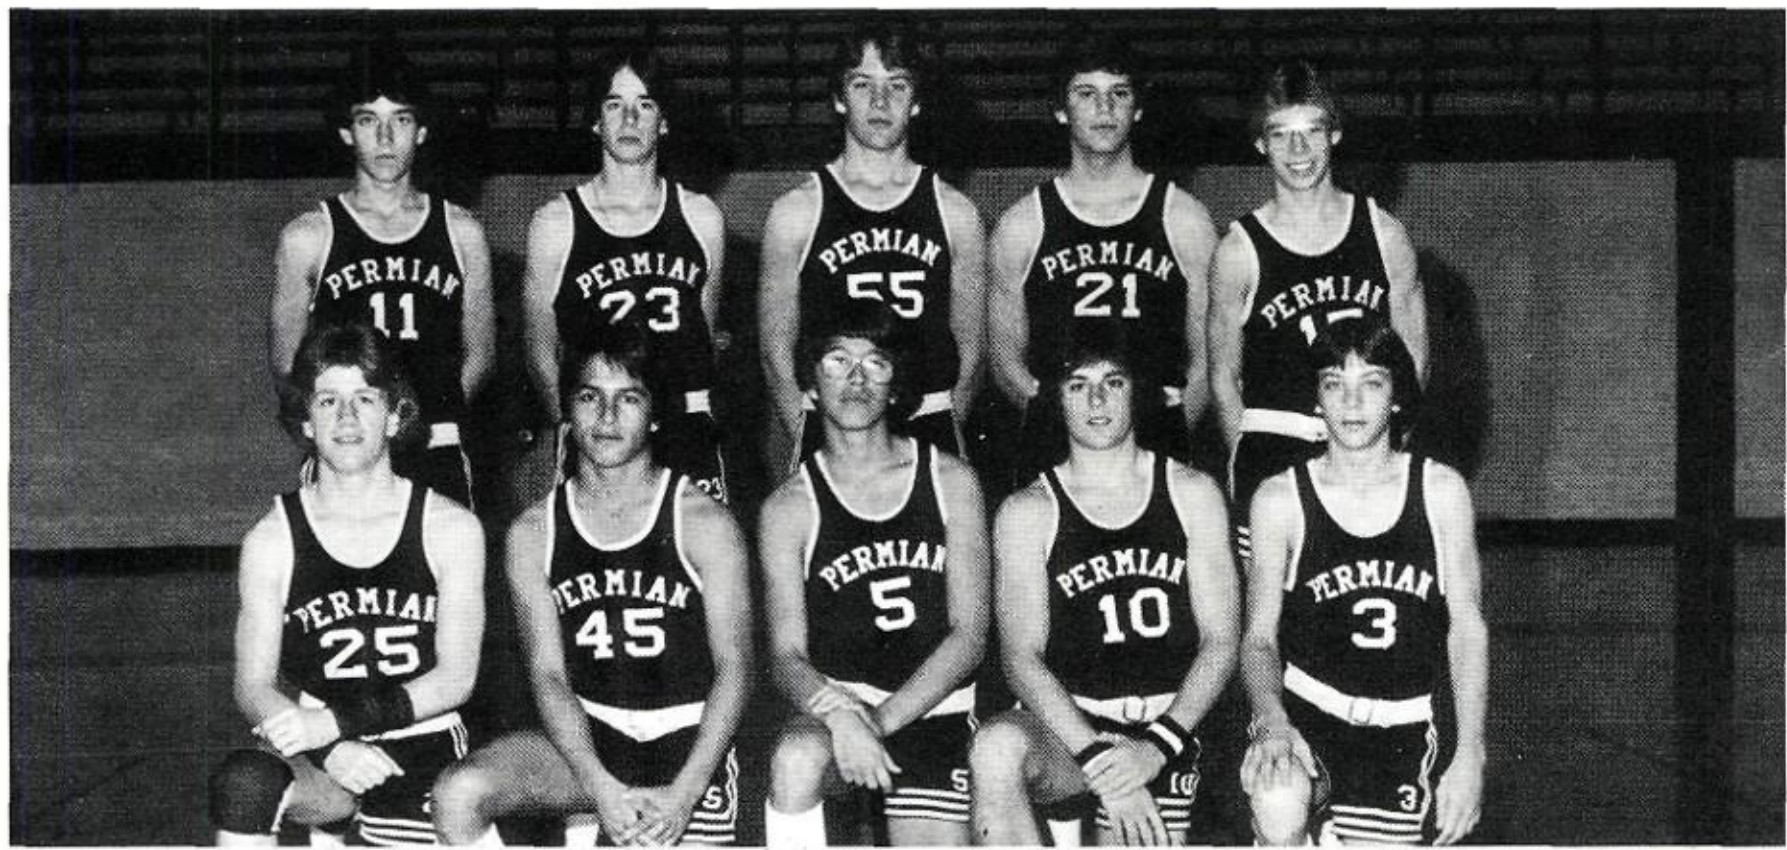

"It's gonna take an algebra equation to get out of this one," says Greg McDonald.

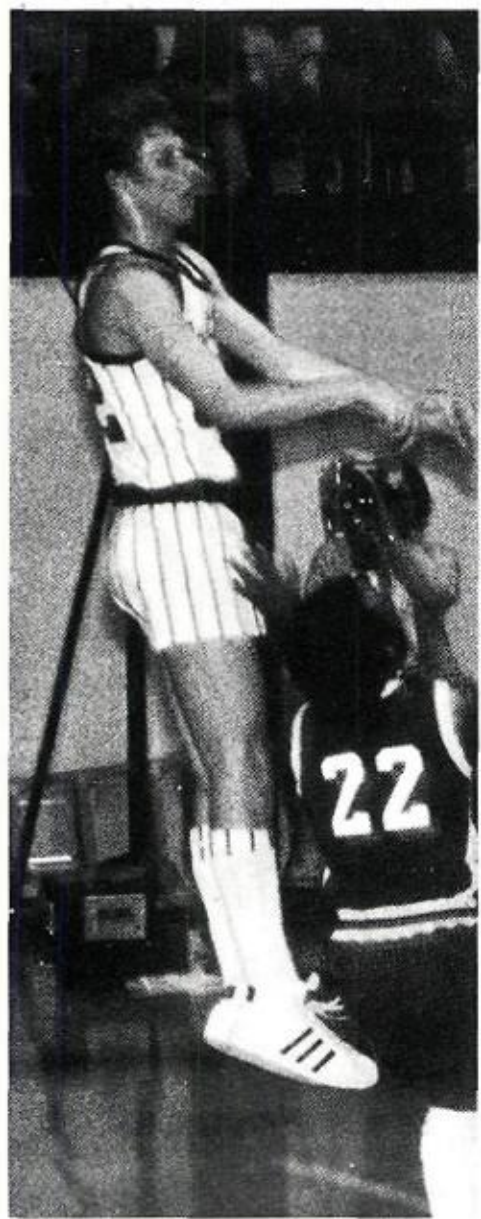

Gale Smith gives a Midland player some tips on basketball.

OF MOJO

It's kinda hard to see the ball with this mask on!

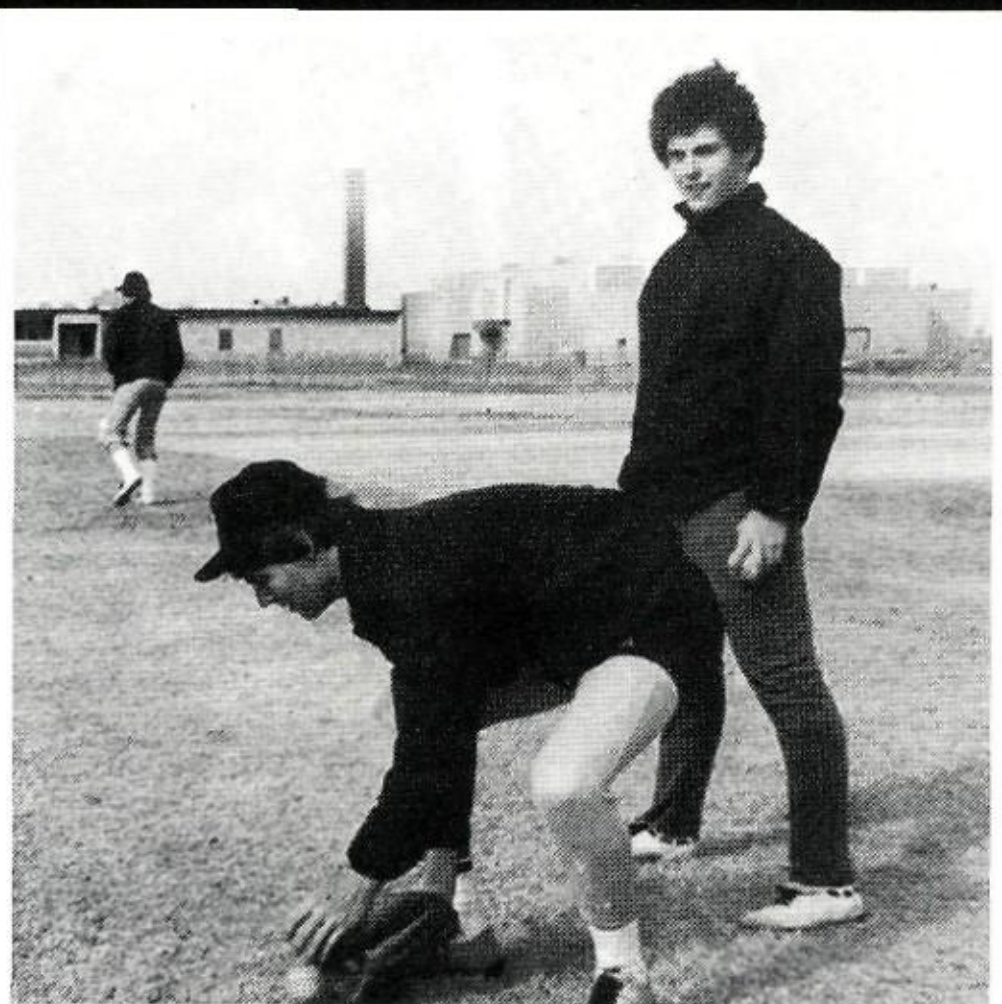

What is baseball? Most people consider it to be just a sport. But to the Mojo baseballers it is long, grueling hours of practice, the stretching of every muscle, and the straining of every fiber in their athletic bodies — striving to become better. And this year their determination paid off as the Black Cats once again proved that Mojo is #1!

Richard Hanfield, the next Babe Ruth?

"How's this?" asks Brad Phillips.

Brad Phillips, I wouldn't do it if I were you!

Tim Meek is wondering if every day at Permian is this hectic.

Once again the halls of Pantherland were filled with the noise and confusion of starting a new year. It was a time of anxiety and excitement, especially for new sophomores, who were getting their first impressions of Mojo. The Spirit of Mojo may have been felt by every student. It did give us a sense of security which has followed us throughout the year.

PERMIAN HIGH SCHOOL

We're Mojo ...
The ones that
had it all

We're the ones called Mojo, who have completed the 1980-1981 school year with pride in our school, in our fellow students, in educators, in our athletes, in our state championship title, in our organizations and activities and most of all in the spirit of Mojo.

This year is still only the beginning of our dreams. We will never see the end of our dreams, but the beginning of our hopes, dreams, and our foundations for the future which were created at PHS.

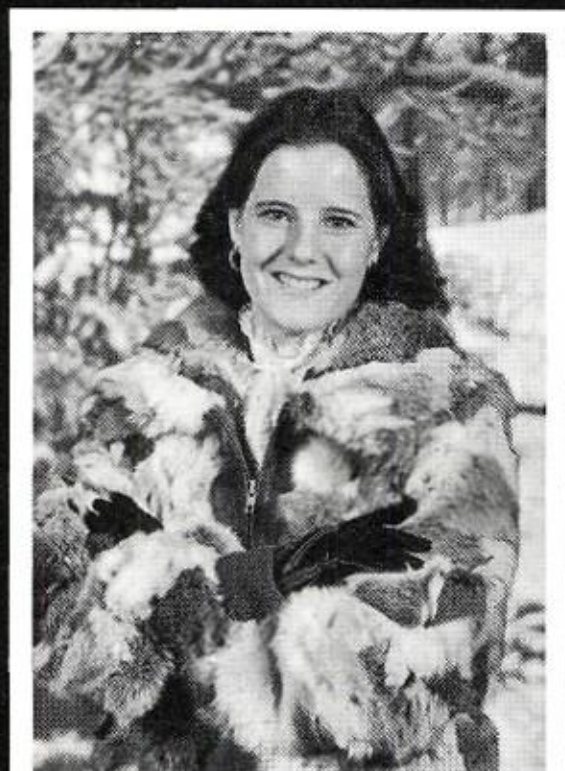

We began this year with enthusiasm and anticipation and we end it with many memories which can never be taken away.

Panther '81 is dedicated to you, "The Ones," who have lived this very special year.

Feast, and your halls are crowded;
Fast, and the world goes by.
Succeed and give, and it helps you live,
But no man can help you die.
There is room in the halls of pleasure
For a long and lordly train,
But one by one we must all file on
Through the narrow aisles of pain.

Louisa!
Or what?
This year has really
been great, and my W-day
party was great. I appreciate
you being my friend even though
I act like a weird now and then.
Have fun this summer and stay cool.

Louisa, Its really been nice having you in history, you a
real sweet girl I hope we can become better friends
next year. We'll take good care of yourself.
Luis

Thank you for
everything you
did for me. I
am really
happy to have
you as a friend.
I hope we can
become better
friends next
year. I will
take good care
of myself.
Luis

Louisa,

You're such a good friend that it's hard to know what to say. We've known each other since first grade and I can't think of a single time that we've ever been mad at each other. History has been really fun! You've made it bearable. I think we need to get in some of the same classes together next year. I really have had fun this year. I didn't see you much last year but this year ^(new pen) was really a blast. I enjoyed Spring Trip too. Maybe you and Bert will get to know each other better. (HA, HA, HA) Well, that's about all. I hope next year we'll get to be even better friends. Somehow, I don't know if it's possible to become better friends than we already are. Well, gotta go. Stay sweet. (I know ^{you} ~~we~~ will!!) See ya next year!!!

Louisa,
I'll sign your book under my girlfriend's so you can remember ~~us~~ us together. It's been super knowing such a cute, witty girl as yourself - If I get rid of Lisa I'll call you. I want you to take care of Lisa next year and not let any guys get close to her. I'll kill you if you do.

Louisa,

I'm really glad I met you during spring trip. (Especially under the circumstances!) Look how much fun we had on spring trip. Basically it was fun though. You better write me after I move. I'll be so lonely. Not this all over again. Wish I was staying here for choir and all. Then we could go together on trip - same roommates?! Well, please write me soon. Don't forget a return address.

Love ya!

Louisa,
I guess I can start by saying I don't know what I would do without out you in Algebra. You are a great friend and you always have a smile for everyone. We'll have to get together this summer and have some fun. So be sweet & don't forget about me!

Love ya,
Kathy Arroyo

Louisa,
I've had one of the
nicest people I have gotten
to know this year. I am so
glad we had English together.
Next year we ought to work
together again on tour, (maybe
with different people). I hope
to have some classes with you
next year and other stuff (maybe
even Kantorian) keep in touch this summer
and we'll see ya around.
Love
Katie

Louie,

It really has been a great year. I've said that so many times but it's true. I'm glad it's over so we can be seniors! But then again it makes me sad because it'll be our last year as "kids". Then we'll be going to college and if you decide to go where your parents want you to, we'll be going to different colleges. I'll miss you more than I can say. You're my better half in everything. Most of the time I wish I could be more like you. You're so sweet, kind and so well "decided". I mean I change my mind every two minutes, but when you make up your mind, it never changes. If you have a friend, nobody can turn you against him and I think that's great. If I could pick a person that I could be like, it would be you. If there were more Louies in the world and less grouchy goers it would be a better place for everybody. Everytime I hear The Pines of Rome, I'll think of you. Have fun in life, stay the way you are. God bless you forever. Love,
Joanna
